HAPPY NEW YEAR

I hope everyone has a great Christmas and enjoys whatever New Year's Eve festivities they have planned. Don't forget, Tuesday, January 5th will be our first meeting of the new year.

Speaking of membership meetings, I want to thank everyone who attended the December meeting and contributed to the discussions. Everyone is concerned about the club's health in 2010. There were a lot of good ideas presented and hopefully the discussions will continue on January 5th.

Amongst the items we need to discuss at the January meeting is honoring members for their activities during the 2009 year. Historically the board makes the selections and we could leave it up to them again in 2009, but I thought we might open it up initially to the general membership. At a minimum the members should be allowed to nominate people. The categories vary from year to year but usually consist of recognizing driving talent and contributions to MVR. If you have a suggestion and cannot make the meeting please contact me by the 5th.

Sandi and I recently attended a couple of racing trade shows. While we learned a lot of new information, a couple of items stand out because of their "surprise" factor. First, all helmets used by kids have historically been downsized adult helmets and are not the best design for young heads. New, child designed helmets should start appearing during 2010. Second, chocolate milk has more of the good stuff found in sports drinks than the sports drinks themselves. And it's low fat. Third, during a presentation outlining how to plan to get the best from a track session the presenter made a big issue of stating "Going Fast is not a plan". He said the driver must concentrate on driving techniques. "Fast" will be the result. Concentrate on "fast" and your mind is distracted from focusing on technique.
