REport - Reed Kryder

No one has come up with another location for our monthly meetings. Maybe that's because the current place seems to be working out. Stop by on July 7. We are still open to other suggestions for meeting locations and dates.

Sandi and I stopped by the June 9th Track Night in America at Pitt Race to see if it would be possible to hold our August 14 Membership Meeting in conjunction with TNIA. We got the "green light". Now we need to figure out the details. The meeting will probably need to start a little earlier (and probably be a little less organized since some of our members may be participating in the TNIA) so we can vacate the property shortly after 8 PM. Details on the event can be found on the SCCA websites. Brad is also a source of info and will be at our July Meeting. This TNIA could also be on the new full length Pitt Race circuit. You can't test your race car in preparation for the joint Steel Cities/Mahoning Valley Regional in September, but you could learn the track with your street car.

Sandi and I paid a visit to Salem High School to check out the facility. Looks like a winner. We already have 3 students signed up for the September 12th Tire Rack Street Survival. Thanks again to Dee Dee Lutsch for making the initial proposal to the school. They seem very enthusiastic about the program.

I returned to the Salem HS on June 21st for a charity Solo hosted by the Northern Ohio Valley Region. It was a well organized casual event with 30+ entrants. I didn't compete, but MVR member Colton Kask ran his first solo and did very well. I think the hook is in deep. Colton is already looking for additional places to compete. Brad Morris was also in attendance and we discussed course layouts for the upcoming September 12th Tire Rack Street Survival to be held on the same piece of pavement.

See you at the July meeting,
Reed
