REport – Brian Vondran

Wooohoooo!!!! COVID restrictions in Ohio are almost over. It's been over a year, but we're almost through. It feels good to be almost on the other side.

So let's talk about Street Survival. While we historically have run two Street Survivals per year, in 2019 we only ran one early in the year and didn't run a fall event. COVID prevented us from running any events in 2020 and for the first part of 2021.

Over the last couple of weeks, there have been a number of instances of teenagers involved in accidents locally, sometimes with the worst outcome imaginable. I'd really like us to get a Street Survival on the calendar this year. It might need to be small, as the fall is packed full of events pulling on our volunteers, but I think we can try to do one in September or October.

We will need some volunteers to be coaches and we will need some tech volunteers. We will also need a lot. While the Boardman Park parking lot has been great to us, it now permanently houses recycling bins which means the public is looking to drive through our courses on a regular basis, which is less than ideal. I've got a couple of ideas on lot's, but would ask you to look around and see if there are any lots you think might be of a good size for a Street Survival.

Additionally, look around and see if you know anyone who would be a good candidate for a Street Survival student. We need to find new and different ways to reach out to parents to get them interested in Street Survival.

We have started meeting in person again and we're planning to host our monthly membership meeting in person during June. The new place (Garrett's Mill Brewing Co. in Garrettsville, OH) is pretty cool and I hope you come check it out on June 1. Check the website for date and time.

Best wishes,
