MARCH MEMBERSHIP MEETING

March 3, 2009

WEST FORK ROADHOUSE
3850 BELMONT AVE
YOUNGSTOWN, OH
just south of I 80

Meeting Time: 8:00pm

Come early for dinner.

REmarks – Reed Kryder

I am writing this prior to attending the SCCA National Convention. If you want to know all the latest facts and gossip you need to come to the March 3rd membership meeting or wait until the April MVR Newsletter.

There are a few additional reasons to attend the March meeting.

We will be voting on a couple of amendments to our constitution. There were a couple of proposals submitted during the February meeting. They are outlined elsewhere in this newsletter. Basically they are aimed at clarifying some language which was written prior to the internet usage for communication. The last constitution revision was back in 1993.

The latest on the PDX will be discussed. There is a lot of interest in this event and there were many questions asked and answered at the last meeting. If you cannot attend the meeting to ask your questions, contact Greg Alley.

Race Chairman Sandi is progressing with the Double Driver's School and our Memorial Day Weekend National. April and May are going to be busy months for MVR members. We could use member help in all areas. Sandi was working on a way to supply a rebate to PDX participants if they worked both days of the Double Driver's School. The goal was to get new people involved as well as thank current workers. Nothing is firm as I write this, but a plan may exist by the meeting.

The Neohio Comp Clinic is scheduled for March 28th. It provides excellent learning opportunities for both beginning and experienced drivers. Contact Bob Roberts at broberts@babcox.com or 330-607-2343 for additional information.

There will also be a Safety Training Day at Nelson Ledges on Saturday, April 4. This date could be useful even if you are not interested in working with the Lake Erie communications group. You can get Annual Techs for your car and yourself. Tech people will be on hand and Dr. Saddleton will be giving SCCA physicals.
