REmarks - Reed Kryder

In the latest issue of "Sportscar", Jerry Wannarka, Chairman, SCCA Board of Directors, talks about member retention. He tells us that the SCCA retention rate after 3 years is only 20%. On one hand this does not surprise me because years ago when I soloed (we called it autocross back then) it was expected that most people who entered the sport were gone within three years. It had been a "phase" and they moved on to something else. Only the die-hards remained. On the other hand, Jerry makes a good point when he says making a small increase in retention from 20% to 30 or 40% would have a dramatic impact on our club.

Jerry also refers to a survey conducted by the SCCA as to why people leave. Many were legitimate reasons, but many also left because of reasons related to not feeling part of the "membership community". Maybe someone was rude to them or maybe they just were shy and never connected with anyone.

I have stated recently the importance of socializing within our club. Coming to meetings and having fun with fellow members is one way several members do it. Volunteering to help at our events is another great way to socialize. But perhaps the easiest thing for all of us to do is just take a few seconds to stop and visit when we see a fellow member. A simple "Good to see you" or "How are you doing" is really all that is required. Anything after that is a bonus, for everyone.

Sandi and I have started "Spring cleaning". I know it still feels like Winter. Anyway, we have found several SCCA and MVR items which need to be pitched or given away. Most of this stuff is new and we hate the idea of it ending up in the trash. We will bring all of it to the May 3rd membership meeting for distribution.

See you at the meeting,
Reed Kryder, RE
