RE Report - Brian Vondran

As I sit here typing, it's gray outside, cold, windy, and rainy. Welcome to the Mahoning Valley Region!

My season got a late start and has just finished. I was able to realize a couple of goals this year, both of which always seemed far off and nearly impossible.

The first occurred in September, as our team won our class (and finished 2nd overall) in the 24 Hours of Nelson Ledges. It was a dream come true...and with that I'm retiring from 24 hour races. Best to go out on top I think!

The second occurred just last weekend. What started as a plan to have five or six Spec Miatas make the tow down to Road Atlanta (it would be my first time there) for the American Road Race of Champions turned into three Spec Miatas at Pitt Race as my work schedule changed and one of our group got pretty tore up at The Fun One at Watkins Glen.

The occasion was the last NEDiv Championship race of the year. I double-dipped in STL and SM which gave me the chance to race in four different weather conditions (dry with light sprinkles, full wet with heavy rain, wet but no rain, and dry) which made the weekend challenging. I somehow managed to stay on track during the Sunday SM race (wet but no rain) and take my first ever Spec Miata win. It took seven seasons to get that first win, so don't expect another one anytime soon!

Since that first drivers' school at Summit Point, I've chased that goal of winning a race in SM. I remember my first few races, I was so tentative and slow. I remember getting lapped at Nelson in a regional race!

But a lot of hard work, some great teachers, and some even better friends, helped me achieve that goal.

So please consider this a thank you. You all were a part of this trip with me, whether you know it or not.

Thanks for helping me achieve my goals. I hope I can repay the favor someday.
